Español 2—Proyectos de España y México

The recent culture reports have been about a wide variety of topics related to Spanish and Mexican history and culture.

I realize that many of you were not present for the majority of the reports, but I would like all of you to reflect on what you did learn.

Review your notes and then write a paragraph for 4 of the following 6 topics.

• a paragraph telling about what you learned about the history of the Spain
• a paragraph telling about what you learned about the history of the Mexico
• a paragraph telling what you learned about specific sites to visit in Spain
• a paragraph telling what you learned about specific sites to visit in Mexico
• a paragraph about one or more aspects of culture and/or art of Spain
• a paragraph about one or more aspects of culture and/or art of Mexico.

YOU DO NOT NEED TO ADDRESS EVERY PRESENTATION TOPIC WE HEARD ABOUT IN CLASS! Select the ones most interesting to you personally – or if you were absent for many of the reports (Juniors) write about the ones you did hear.

Each paragraph should contain a topic sentence and a concluding sentence for the general topic, and should contain several (7-10) detailed sentences. Please observe writing conventions.

See the back of this page for formatting.
